9th or 10th	HIGHLAND ESTATES	2nd or 3rd	PECAN CREEK		

We will make every effort to parade each listed subdivision that our call volume (Remember, Santa is an on-duty firefighter,) and the weather allows. There are some areas in these subdivisions and other complete subdivisions where we will not be able to safely parade. These are generally areas where houses are located on feeder streets with a speed limit above 25 MPH; one way in / one way out subdivisions with short stub-out streets ending in a driveway or tight T-turnaround instead of a cul-de-sac in which to turn the parade around; or a medium to high density development which lacks street access and has only parking lots in which vehicular and pedestrian traffic cannot be controlled.

We appreciate your understanding that although we will go anywhere in an emergency, we must make some choices for the safety of the public, our partners and our crews. If you have any questions, contact the Assistant Chief on Duty at 454-6554. Please leave a message if voicemail picks up.
